

MARCO PARRA

FRONT-END WEB DEVELOPER

marcoparra311@gmail.com | [GitHub](#) | [LinkedIn](#) | [Twitter](#) | [Portfolio](#) | +584246427733

SUMMARY

I'm a computer engineer who decided to dedicate myself to web programming; I'm passionate about striving to meet challenges and help find a solution when a code issue arises. Web design lover, responsible, punctual, detail-oriented, and honest. I'm open to learning any language/tool/technology. My current framework is Angular.

SKILLS

Front-End: Angular, Angular Material, JavaScript, TypeScript, Bootstrap, Tailwind, CSS, SASS, HTML, WordPress.

Tools & Methods: Git, Mobile/Responsive Development, RSpec, TDD, Chrome Dev Tools, Microfrontend.

CI/DC: GitHub, GitHub actions, Bitbucket, Jira, Netlify.

EXPERIENCE

HIGHLIGHTED PROJECTS

Front-End Stack Web Developer

Remote
February 2022 – Present

Clinica Linked – This web app is offered as a SAAS for medical appointment management and clinic history.

- Built with: (custom HTML, SCSS, components, TypeScript, Angular).

Freelancer

Web design

Remote
February 2022 – Present

- Created the visual part of an ordering system for pharmacy supplies and medications.
- Created the visual part of interaction with the user of the credit card payment modules, balance consultation, and consultation of operations and movements of the Deutsche Bank application, with the guidance of the documentation already created by the project leaders, BFF, and Microfrontend.
- Created part of the landing page of a system that offers online psychological services to adolescents and adults.
- Created the frontend (design and logic) of Clinica Linked SaaS, which eases medical appointment management.
- I have used these languages for all of my mentioned work: HTML, SAAS, Bootstrap, TypeScript, Angular, lazy loading, rxjs, reusable components, RESTful APIs
